

# NEW RELEASE • SCALE MODEL EXCELLENCE

Ultimate 3D-Printed Detail Sets for Connoisseur Modelers

## HOT NEW RELEASE FROM ASK DISTRIBUTION S.R.O.

**Item No:** 200-A48108

**Description:** F-16 Early ACES II Ejection Seat with Seat Belts

**Scale:** 1/48

**Recommended kit:** Kinetic F-16 series

Take your 1/48 scale Viper to the next level with the latest masterpiece from **ASK Distribution s.r.o.**! We are proud to introduce our brand new, excellently engineered **F-16 Early ACES II Ejection Seat**. Featuring an unrivaled, peerless 3D design and brilliantly crisp 3D printing, this upgrade set delivers standard-setting fidelity that traditional plastic molding simply cannot match.

Every single detail, from the complex oxygen regulators and emergency canopy thrusters to the incredibly realistic, subtly draped seat belts, has been captured with absolute precision. Designed as a drop-in replacement, it is **highly recommended for the Kinetic kit**, instantly transforming your cockpit into a true eye-catcher.

### Key Features:

- **Unrivaled 3D Design:** Masterfully engineered using genuine blueprints.
- **Brilliant 3D Printing:** Ultra-smooth surfaces with zero visible print lines.
- **Integrated Belts:** Perfectly scaled seat harnesses for realistic texture and depth.
- **Perfect Fit:** Tailored specifically for flawless integration into Kinetic F-16 cockpits.

## PAINTING & WEATHERING GUIDE

To achieve a striking, true-to-life look, we recommend starting with a high-quality primer (such as Mr. Finishing Surfacer 1500 Black) to create natural pre-shading in the deep recesses. Follow up with thin, layered coats of the colors listed below.

Part / Component	Tamiya	Mr. Hobby	AK Interactive	Vallejo Paint
<b>Main Seat Structure</b> Dark Gull Gray	XF-54 / XF-66 (Mix)	H317 / C317	RC244	71.277 (Model Air)
<b>Seat Cushion &amp; Backrest</b> Olive Drab / Khaki Green	XF-62 / XF-49	H304 / C304	RC023	70.887 (Model Color)
<b>Headrest Cushion</b> Flat Black / Dark Charcoal	XF-1 / XF-85	H012 / C033	RC001 / RC022	70.950 (Model Color)
	XF-76	H336 / C336	AK11342	70.334 (Model Color)

Part / Component	Tamiya	Mr. Hobby	AK Interactive	Vallejo Paint
<b>Seat Belts &amp; Harnesses</b> Light Sage Green / Gray-Green				
<b>Ejection Handles</b> Bright Yellow & Black Stripes	XF-3 / XF-1	H004 / H012	RC007 / RC001	70.953 / 70.950
<b>Buckles &amp; Metal Fittings</b> Silver / Steel	XF-16 / X-11	H008 / C008	AK11210 (Natural Steel)	71.063 (Model Air)

**Finishing Tip:** After painting, apply a gloss coat followed by a dark gray pin-wash (e.g., Tamiya Panel Line Accent Color Black/Dark Gray) to pop out the crisp 3D-printed details. Finish with a high-quality ultra-matte varnish to eliminate artificial glare on the fabric cushions.
